

THE #1 FLIGHT SCHOOL PLATFORM

Manage your flight academy from one place

FlightLogger replaces disconnected tools and spreadsheets with a single, intuitive platform built for flight training. From scheduling and student tracking to compliance and documentation, every workflow is streamlined and centralized.

Whether you're running a local ATO or managing a multi-campus academy, FlightLogger scales with your operation, so your team can stay aligned, on track, and focused on what matters: delivering world-class pilot training.

FlightLogger helps you tackle your biggest operational challenges so you can focus on what matters most: **delivering exceptional training.**

Flight School Directors

Gain full operational visibility across every base, with real-time insights and standardization from day one.

Heads of Training

Monitor student progress, manage curricula, and ensure compliance with training standards. Without the spreadsheet chaos.

Operations Managers

Centralize scheduling, resources, and daily execution to minimize downtime and maximize efficiency.

Chief Instructors

Track training records and student development in just a few clicks. No more hunting for paperwork or chasing updates.

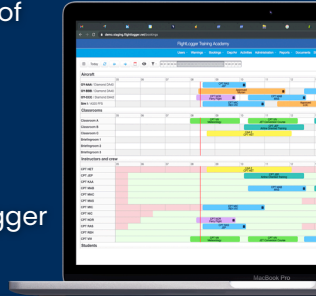

**READY TO STREAMLINE
YOUR TRAINING OPERATIONS?**

BUILT BY AVIATION PROFESSIONALS FOR AVIATION PROFESSIONALS

FlightLogger was created by people who know the realities of flight training, because we've lived them. Every feature is designed to solve real operational pain points, reduce administrative load, and support training quality without compromise.

Trusted by over 210 organizations in 50+ countries, FlightLogger empowers instructors, students, and staff with tools that fit seamlessly into the daily rhythm of aviation education.

KEY WAYS FLIGHTLOGGER MAKES YOUR OPERATION MORE EFFICIENT, COMPLIANT, AND SCALABLE:

SCALING YOUR PROGRAM

Grow with confidence. FlightLogger helps standardize operations across locations, making it easier to scale without losing control.

REDUCING ADMIN TIME

Automate planning, logging, and reporting so your team can focus on flying, not paperwork.

STAYING AUDIT-READY

Maintain accurate, organized records that meet regulatory requirements, ready for any audit, anytime.

IMPROVING TRAINING QUALITY

Track progress, identify gaps, and ensure every student receives consistent, high-quality instruction.
